PRODOTTI O MACCHINARI

Our offering has been extended to include a comprehensive bottle design service, a glass analytical laboratory and a glass training school. Our technical team is also available 24 hours a day, seven days a week, for glass filling line support, providing critical spares, glass equipment repair and overhauls.

The technology for production of glass containers by NNPB method (Narrow Neck Press and Blow — press-and-blow developing of lightweight narrow-necked glass container products) was implemented and mastered.

The plant has implemented management system of safety and quality of products in accordance with the International Standard BRC (integrated system, which includes the requirements of ISO 9000 standards, FSSC 22000).
