## PRODOTTI O MACCHINARI

Manufacturer of Glass Wool filters, sound insulating material, fireproof panels

The Insulation Activity is compromised of production of glass wool (TEL process), rock wool, acoustic and specialty ceilings and distribution of foams (in partnership with the major chemical producers).

The Insulation Activity creates, through the international brand ISOVER, efficient implementation solutions that provide safe comfort for everyone in their homes and help protect the environment.

Its products are marketed in the form of panels, rolls, loose wool and shells. They are primarily for the building market: insulation of roofs, walls and floors to reduce energy consumption and noise and to maximize comfort.

Apart from these uses in new construction and renovation, part of the sales is in technical insulation of the most complex industrial facilities as well as in specific markets such as soil-less growing systems.

The specific ceilings and metal framing sector is a major development focus: professional appreciate the technical expertise in the Insulation activity, with brands such as ECOPHON, EUROCOUSTIC, API, GABELEX, PLAFOMETAL...
