2 Exclusive representative of Glaverbel (Belgium) Decorative Glass in Iran

Supply various kind of Colors Decoration Glass in 37 colors by Lacobel business name from 3mm up to 12mm with the following benefits: Whether painted in subtle or vivid colors, it enhances the room, plays with light and creates new vistas. Lacobel is a favorite with the furniture industry for use in tables and sliding doors. It offers many different aesthetic solutions for interior design, including commercial use in the office, restaurants, shops and for residential use in kitchens, bathrooms and living rooms. The created side of Lacobel glass should always be placed against the supporting structure so that it is protected from damage and so that the color and appearance of the glass are protected. This kind of the glass is very easy to assembly with lowest time. Lacobel glass also comes in a special "safety" version with polypropylene film that is applied to the coated side of the glass. This film serves the glass from break, scratches and moisture. Produce and supply all kind of acid etched matt glass with special colors 3mm up to 20mm.
