PRODOTTI O MACCHINARI

Glass Moulds, H28 moulds, IS machine moulds

All our products are manufactured with materials according with the highest international quality standards. These products are mechanized with a staff of 12 C.N.C machines including lathes, vertical machine centers and electrical discharge machines (EDM).`

The company has the equipment and technology necessary to weld both in cast iron and in bronzes (minox), doing the thermal treatment to eliminate welding tensions in controlled atmosphere ovens. As a guarantee of the completion of the whole process we provide our clients with a written report done by the ovens.

All our personnel are highly trained for the design, the manufacture and the repair of equipment for the glass industry in all its processes: blow-blow, press and blow, narrow neck press and blow, press and centrifuge.

The design and developments are built with the last generation of CAD-CAM letting us have a millesimal precision both in the dimensions and in the capacity of our moulds and blank-moulds.

Company Profile of **Di Rosa Hnos.**

A service of glasssglobal.com, an affiliate of glasssglobal group.
