Nazione	Austria

## PRODOTTI O MACCHINARI

### **Consulting & Planning**

Products and processes, employees and market, present and future. Being the expert for flat glass, we take all parameters into account. We advise you and plan for you meticulously, considering your requirements at every stage. And it all comes down to one overriding principle: Maximising the benefits for you.

### **Machinery & Software**

Reliability and performance go hand in hand with every single one of our products. LiSEC machines and software have a modular design. They can therefore be integrated into existing installations and are open to future modifications.

### **Assembly & Startup**

Flip the switch for successful manufacturing – we never do anything by halves. Be it a machine or full installation, a software module or an entire system for manufacturing control – we assemble, install, and only hand the system over when your manufacturing process runs smoothly.

### **Training & Process Optimization**

Utilize the full potential of your equipment and software and you will maximize your profits. Our experienced experts will train your employees. We will also optimize all your manufacturing processes spanning your entire production.

### **Worldwide Customer Service**

LiSEC Service means that we are there for our customers, no matter where in the world they are located. As a LiSEC partner, you will benefit from our comprehensive service which is the advantage of LiSEC unrivaled speed of action.

### **System Competence**

We are the first point of contact for complete system solutions – for those who are getting started in the industry as well as for experienced manufacturers who want to build new installations without disrupting any existing production processes. We will implement your project with the utmost efficiency at any location worldwide.
