PRODOTTI O MACCHINARI

Color combinations

Is glass colored into all different colors and shades, used with decorative and utility glass.

Cut glass

Is mouth blown glass, hand cut in different geometrical shapes. Special emphasis is placed on exactness. This type of glass is considered as luxurious for its difficult and time-consuming production.

Historical glass

Production of this type of glass is very demanding. The glass is produced exactly according to traditional methods and come in original shapes and colors.

Iridescent glass

A unique technique is used in production of Iridescent Glass. It results in unusual, interesting rainbow-like coloration. Each piece is an original.

Glass lamps

Oil and kerosene lamps in return to romantic lighting of our ancestors. All possible techniques are used for decorating the lamp-shades.

Painted glass

Hand-decorated glass with special colors used only for painting glass. Colors are completely harmless and adhere to glass perfectly.
