Indirizzo	HidalGlass Divetro Glassia Niño Flavio Zavala 5 San Jerónimo Tepetlalcaco 54090 Tlalnepantla
Nazione	Mexico

PRODOTTI O MACCHINARI

DiVetro is divided in 5 departments:

- Decoration of glass bottle and glassware
- Glassware
- Glass containers for spirits and cosmetics
- B2B
- Design/Engineering

Screen Printing

- Automatic decoration up to 6 colors of containers for spirits, glassware and cosmetics
- We use ceramic and organic paints heavy metal free
- We can create special effects like thermochromics colors and golden lip glasses
- We can apply direct silk-screen with precious metals like silver and gold.

Painting – Spray Coating

Automatic and manual painting of containers and glassware with water-based paints taking care of the environment

We count with an extensive selection of effects to satisfy the demands of our customers:

- Complete painting
- Partial painting
- Dyed painting
- Soft-Touch effect
- Lucid painting
- Matte effect
- Background color touch
- Painted Bi-layer

Acid Etching

Automatic acid etching of containers, glassware and lighting accessories

We can offer complete or partial acid etching

The raw material we use guarantees a persistent finish quality

The process is made in a closed area and respecting the environment

Sandblast

We count with an automatic sandblast machine to regulate the depth and finish that our customer needs

We can offer complete, partial sandblast and also with complex shapes

We can give the sandblast a natural finish or paint inside the engraving

Organic and ceramic decals

It allow us to decorate containers and glassware in irregular shapes and also in corners.

A wide range of colors can be reached

The decals can be applied in high reliefs engraved on glass

Flock

Application of Flock (Velvet) in glass containers for spirits, cosmetics and glassware

Application of Components

Thanks to the development of technologies and adhesives we can glue to the glass metals, plastics, Swarovski and strings.
